 - c. Economic Scorecard was presented for the last 12 months that includes economic growth, employment, inflation, interest rates and markets.

II. Market Activity

- a. Equities
 - i. Global stimulus efforts continued to drive stock returns with the strongest performance coming from economic segments most negatively impacted by pandemic the year before.
 - ii. Growth outperformed value for the quarter, though value still leads on a 1-year trailing basis.
- b. Bonds
 - i. After inflation concerns drove a first quarter interest rate spike, the Fed left its benchmark interest rates unchanged, signaling anticipated low rates through 2023.
 - ii. The US Treasury market stabilized in Q2 after experiencing the worst returns since 1980 in the first quarter of 2021.

III. Outlook

- a. Four forms of inflation pose current threats:
 - i. Prices that fell during the pandemic returning to normal levels.
 - ii. Supply constraint-driven prices that increased prices during the pandemic but should normalize.
 - iii. Prices that are settling at permanently higher levels, such as wages for leisure and hospitality workers.
 - iv. Prices that have been suppressed by the pandemic such as rental rates.
- b. New variants of COVID are likely to negatively impact emerging markets relative to developed economies due to those countries' lack of infrastructure for vaccine distribution.

 - b. Several plan design opportunities created by the potential legislation may be attractive to plan sponsors, such as student loan matching.
- II. Court Activity
 - a. More cases have arisen about the use of participant plan data.

CONSIDER RECOMMENDATION FOR BOARD APPROVAL OF ASSET ALLOCATION FOR DEFINED BENEFIT PENSION PLAN CHANGE TO 65% EQUITIES / 35% FIXED INCOME, EFFECTIVE IMMEDIATELY

Augustine Lopez, Chief Financial Officer, reported that he has been in discussion with representatives of Lockton Investment Advisors (LIA) to review the current market and anticipated conditions. Mr. Lopez introduced Steven Kjar, Vice President and Frank Salb, Chief Investment Officer of Lockton Advisors, LLC who provided a review of the recommendation for Board approval to change the asset allocation for the Employee's Defined Benefit Pension Plan.

Mr. Kjar presented a review of the asset allocation of pan assets since 2016.

- I. Asset Allocation development in 2016
 - a. The Committee reviewed several different asset allocation alternatives at this time. The alternatives considered and discussed included 80% equities/20% fixed income; 70% equities/30% fixed income and 60% equities/40% fixed income

- b. The Committee recognized the need for investment returns to adequately fund the pension plan, but also was concerned about accepting too much risk
- c. At the time, the Committee selected the 60% equity/40% fixed income asset allocation. The Investment Policy Statement for the plan was written to reflect this allocation. This Asset Allocation strategy has generally been followed since that time and assets have periodically been rebalanced to this asset allocation.
- II. 2020 Asset Allocation Activity
 - a. Due to COVID, the equity investment marketplace experienced negative returns in early 2020. These negative returns caused the equity allocation of plan investments to fall below objective and the fixed income allocation of plan investments to exceed expectations.
 - b. SVMHS and Lockton had several discussions regarding the asset allocation at this time. It was determined that asset should be reallocated to objective and this occurred in April 2020.
 - c. Subsequent to the rebalancing of plan assets to objective in April 2020, the equity market recovered strongly, and positive returns were experienced by the plan
 - d. The rebalancing of assets was reported to the Committee. Additionally, given market performance, it was reported to the Committee that equity assets now exceeded the 60% objective and fixed income assets to fall below the 40% objective. The Committee determined that the plan would not rebalance to objective at that time and the investments were to be unchanged.
- III. 2021 Asset Allocation Activity
 - a. Equity market performance was very good in late 2020 and early 2021. As of August 31, 2021, the asset allocation of plan assets was 73% equity and 27% fixed income.
 - b. SVMHS and Lockton engaged in discussions at this time about the asset allocation and on September 2, 2021 rebalanced plan investments to 68% equities and 32% fixed income.
- IV. Asset Allocation Recommendation
 - a. Lockton proposed that the Committee adopt an updated, long-term asset allocation strategy with the following allocation:
 - i. Equities (including Real Estate) 65%
 - ii. Fixed Income 35%
 - b. This strategy would permit flexibility to this allocation of +/-5%.
 - c. The adoption of this strategy would include amending the Investment Policy Statement to reflect the strategy and continue periodic discussions and review of the strategy with the Committee.

No Public Comment.

<u>MOTION</u>: The Personnel, Pension and Investment Committee recommends that the Board of Directors approve the change in the asset allocation investment strategy for the Employees' Defined Benefit Pension Plan to 65% equities (including real estate), and 35% fixed income, effective immediately presented. Moved/Seconded/Roll Call Vote: Ayes: Gage, Delgado, Lopez, Childs, Berry; Noes: None; Abstentions: None; Absent: Turner; Motion Carried.

RECOMMENDATION OF THE SEPTEMBER 2021 PERSONNEL, PENSION AND INVESTMENT COMMITTEE MEETING COMMITTEE OF THE WHOLE SALINAS VALLEY MEMORIAL HEALTHCARE SYSTEM

September Committee Meeting Meeting of September 28, 2021 To the Board of Directors

1. <u>RECOMMEND BOARD APPROVAL OF ASSET ALLOCATION FOR PENSION PLAN</u> <u>CHANGE TO 65% EQUITIES / 35% FIXED INCOME, EFFECTIVE IMMEDIATELY</u>

<u>RECOMMENDATION</u>: Recommends that the Board of Directors approve the change in the asset allocation investment strategy for the Employees' Defined Benefit Pension Plan to sixty-five percent (65%) equities (including real estate), and thirty-five percent (35%) fixed income, as presented.

Board Paper: Personnel, Pension and Investment Committee

Agenda Item: Consider Recommendation for Board Approval of (i) the Findings Supporting Recruitment of Miguel Dorantes, MD (ii) the Contract Terms for Dr. Dorantes' Recruitment Agreement, and (iii) the Contract Terms for Dr. Dorantes' Family Medicine Professional Services Agreement

Executive Sponsor: Allen Radner, MD, Chief Medical Officer Stacey Callahan, Physician Services Coordinator

Date: October 13, 2021

Executive Summary

In consultation with members of the medical staff, hospital executive management has identified the recruitment of a physician specializing in family practice as a recruiting priority for the hospital's service area. Based on the Medical Staff Development Plan, completed by ECG Management Group in October 2019, the specialty of Family Medicine is recommended as a top priority for recruitment. Furthermore, the departure of one of the physicians from the SVMHS Rural Health Clinic in Gonzales, Taylor Farms Family Health & Wellness Center (TFFH&WC), has left a full-time physician vacancy at this location.

The recommended physician, Miguel Dorantes, MD, received his Doctor of Medicine degree in Baja Mexico and continued his training at UCLA where he graduated from the International Medical Graduate Program in 2010. Dr. Dorantes completed his Family Medicine Residency in 2014 from the UCLA School of Medicine at Kern County Medical Center in Bakersfield. Dr. Dorantes is a Salinas resident and has been practicing family medicine in Santa Cruz and Santa Clara counties. Dr. Dorantes is Board certified by the American Board of Family Medicine, holds an active California license, and is fluent in Spanish. He plans to join TFFH&WC in December.

Background/Situation/Rationale

The proposed physician recruitment requires the execution of two types of agreements:

(1) **Professional Services Agreement**.

The proposed professional services agreement includes the following terms:

- Professional Services Agreement that provides W-2 relationship for IRS reporting
- Two (2) year agreement
- 1.0 Full-Time Equivalent (FTE)
- Base guarantee salary of two hundred seventy-five thousand dollars (\$275,000) per year, and to the
 extent it exceeds the base salary, productivity compensation of fifty seven dollars and sixty five cents
 (\$57.65) work Relative Value Unit (wRVU).
- Access to SVMHS Health Plan. Physician premium is projected based on 15% of SVMHS cost
- Access to SVMHS 403(b) and 457 retirement plans. 5% base contribution to 403b plan that vests after three years. Based on federal contribution limits this contribution is capped at fourteen thousand five hundred dollars (\$14,500) annually
- Three (3) weeks off for vacation
- Two thousand dollars (\$2,000) annual stipend for Continuing Medical Education (CME)
- The physician will receive an occurrence based professional liability policy through BETA Healthcare Group

(2) **Recruitment Agreement** that provides a sign-on bonus of forty thousand dollars (\$40,000) and is structured as a forgivable loan over 24-months of service.

Meeting our Mission, Vision, Goals

Strategic Plan Alignment:

The recruitment of Dr. Dorantes is aligned with our strategic priorities for the growth and finance pillars. We continue to develop a clinic infrastructure that engages our physicians in a meaningful way, promotes efficiencies in care delivery and creates opportunities for expansion of services. This investment provides a platform for growth that can be developed to better meet the needs of the residents of our District by opening up access to care regardless of insurance coverage or ability to pay for services.

Pillar/Goal Alignment:

□ Service □ People □ Quality X Finance X Growth □ Community

Financial/Quality/Safety/Regulatory Implications:

The addition of Dr. Dorantes to TFFH&WC has been identified as a need for recruitment while also providing additional resources and coverage for the practice.

The compensation proposed in these agreements have been reviewed by independent valuation and compensation consulting firms to confirm that the terms contemplated are fair market value and commercially reasonable.

Recommendation

Administration requests that the Personnel, Pension and Investment Committee recommend to the SVMHS Board of Directors approval of the following:

- (i) The Findings Supporting Recruitment of Miguel Dorantes, MD,
 - That the recruitment of a family medicine physician to Taylor Farms Family Health & Wellness Center is in the best interest of the public health of the communities served by the District; and
 - That the recruitment benefits and incentives the hospital proposes for this recruitment are necessary in order to attract and relocate an appropriately qualified physician to practice in the communities served by the District;
- (ii) The Contract Terms of the Recruitment Agreement for Dr. Dorantes; and
- (iii) The Contract Terms of the Family Medicine Professional Services Agreement for Dr. Dorantes.
