

Salinas Valley Health Meds-to-Beds Program

What is Meds-to-Beds?

At Salinas Valley Health, we offer a free service called Meds-to-Beds that aims to improve our patients' discharge experience. Salinas Valley Health Retail Pharmacy will deliver medications directly to your bedside prior to leaving the medical center, at no additional cost.

Meds-to-Beds Benefits

- Free program, no additional cost
- Enroll upon admission or bedside by nursing staff
- Convenient and reduces patient wait time
- Eliminates the need for stopping at a pharmacy after discharge from the medical center
- Individualized medication counseling

Meds-to-Beds Quick Facts

- We accept a majority of prescription insurance plans and directly bill your prescription to your insurance carrier
- Payment is required prior to being able to be discharged with your medication
- Accepted methods of payment: all major credit cards (Visa, Mastercard, Discover, and American Express)
- You are responsible for any copays required by your insurance carrier when the prescriptions are processed
- Prescriptions filled by the Meds-to-Beds program are considered an outpatient pharmacy service and cannot be added to your inpatient bill
